

Cotswolds Farmhouse

Refurbishment for the short-term let market

Completed conservatory

FROM TENDERS TO DELIVERY

An older Cotswolds farmhouse refurbished to prepare it for the short-term let market. We tendered the works and managed all aspects of the refurbishment for our client.

The client remained hands-off throughout, with no need to coordinate trades or manage the day-to-day refurbishment.

Property & refurbishment stages

Stone outbuilding

Unfurnished interior

Interior works in progress

Our role

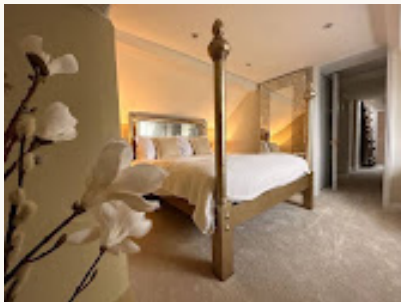

Tendering the required works, coordinating the trades and managing delivery across the refurbishment.

The brief: prepare a character farmhouse for short-term letting while keeping the client free from day-to-day trade coordination.
