

PROJECT RECOVERY / TRADE TENDERING / PROJECT MANAGEMENT

Taking an unfinished project forward

Orpington, Kent | Project experience of Paul Summerfield

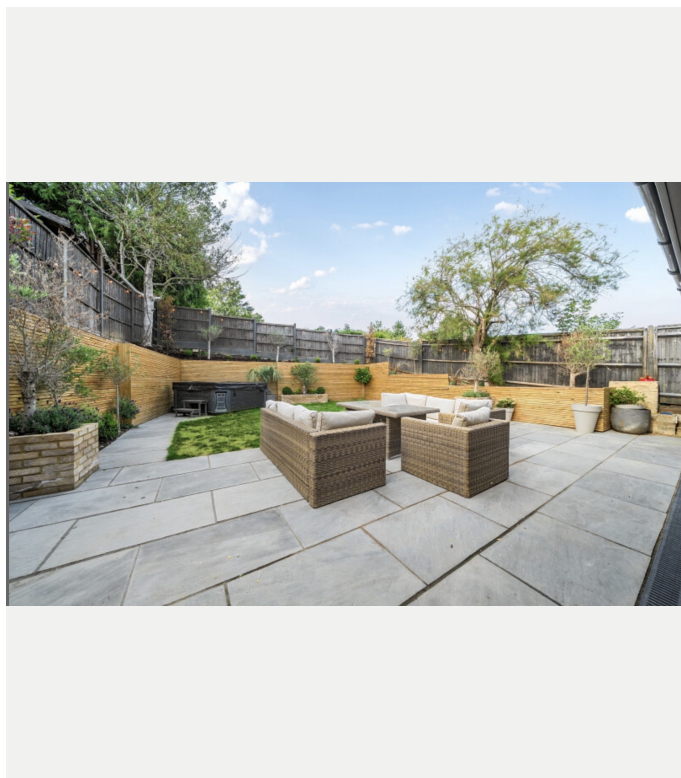

The client approached Paul after problems with the original builder. Paul took over the project, tendered work to the relevant trades and managed delivery.

The approach

Trade-specific tendering brought the relevant specialists into the project, with Paul managing their work towards the finished result shown in these photographs.

CONSTRUCTION STAGE

FINISHED TERRACE

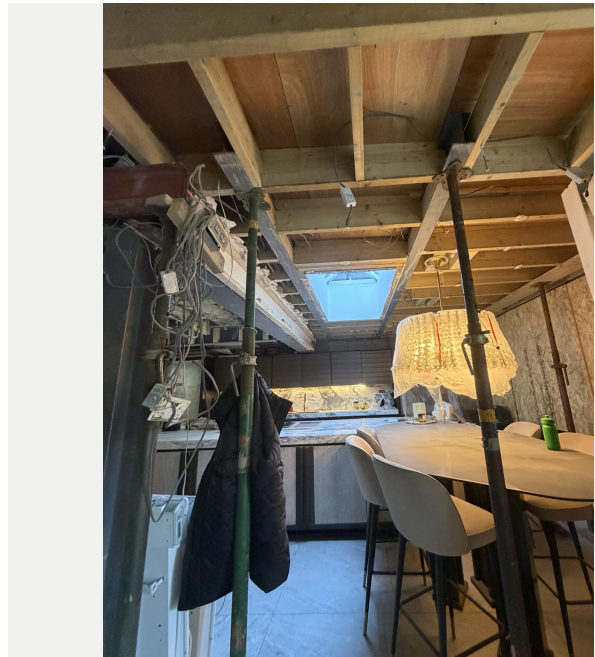

A real project, documented from construction through to finished spaces. Photography supplied by Paul Summerfield.
